	SO 4	To Provide High C	Quality Servi	ce on Construc	tion/Renova	tion, ROPA a	nd Real Es	state Manage	ment & De	velopment and O	ther Allied Services
Stakeholder	SM 4	Completion of Projects On-time (Construction and Renovation Projects)	(Actual/ Target) x Weight	100%	15%	100%	15%	97.95%	14.69%	Summary Report on Projects with Turnover & Acceptance (TOA) and Project with Inspection and Update Report (PIUR)	For 2015, there were 16 projects with Turnover and Acceptance (TOA) and 33 projects with Project Inspection and Update Report (PIUR). Out of the 49 total number of projects, 48 were completed on time. LBP only releases TOA if the project has Building and Occupancy permit already issued by the LGU of the place of construction. There are projects under the PIUR where the completion date is beyond the date of the end of the contract. This happens when there is a service change order or additional works which are not in the original scope of work. These are however still considered as completed on time.
