The target was adopted by the Governance Commission following the representation that such target was based on a projection that the NDC will collect 50% of the proceeds from the right-of-way (ROW) compensation for its property in Pandacan from the Department of Public Works and Highways (DPWH). However, through a letter dated 28 February 2022, the NDC requested to reduce the target to 7.12% to exclude the estimated proceed from the sale of Pandacan, Kamagong, and Campo Islam properties. Considering that the sale from the Pandacan, Kamagong, and Campo Islam properties did not materialize due to factors beyond the control of the NDC, the Governance Commission <u>GRANTS</u> <u>WITH MODIFICATION</u> the request to revise the target. The revised target of 2.07% removed the effect of the exclusion of the estimated proceeds from the sale of the Pandacan, Kamagong, and Campo Islam properties and |

¹ Based on the 4th Quarter Monitoring Report submitted by the NDC through a letter dated 28 February 2022. Officially received by the Governance Commission on 01 March 2022.

| | | | | | | | | | | Justification for the Consideration of the SVF Allocation as Accomplishment | appropriations shall be used as investments. Moreover, despite the request of the Governance Commission, the NDC was unable to submit documents that would establish that the ₱250 Million funding was allocated for investment (i.e., it may be the case that not the total amount of the funding may be for investment in startups; a portion of the funding may be earmarked for operating expenses). |
| | | | | | | | | | | | Through a letter dated 25 January 2023, the NDC requested that the Governance Commission consider the of ₱250 Million allocation of the corporation for the implementation of the SVF as an accomplishment for the measure. The request was made following the representation of the NDC that the fund was not invested in startup companies, pending the approval of the guidelines for the implementation of the program. |
| | | | | | | | | | | | The Governance Commission acknowledges that there are factors that led to the delay in the approval of the guidelines for the implementation of the SVF, which likewise resulted in the belated release of funds to startup companies, that are beyond the control of the NDC. However, it should be noted that the measure neither defines the mode of investment of the NDC nor limits the NDC to only invest through the |
